

PSE0380

PSE0380是一款专为信息化教育领域研发的摄像机，采用国际领先的智能整体解决方案，内置高速处理器以及先进的图像处理技术和分析算法，满足教学录播及远程互动教学等多种场景需求。

PSE0380 is a camera specially developed for the field of information education. It adopts the world's leading intelligent overall solution, built-in high-speed processor and advanced image processing technology and analysis algorithm to meet the needs of various scenes such as teaching recording and remote interactive teaching.

先进的跟踪算法
Advanced tracking algorithm

全帧图像识别
Full frame image recognition

光学变焦镜头
Optical zoom lens

高品质语音识别
4 array microphones integrated
