公司简介

珠海长盛电缆有限公司成立于2005年，有着近20年的研发和生产经验。是珠海首家从事高清数据线的专业制造厂家；

坐落在浪漫之都——珠海市特别设置的工业区，被评为高新科技企业，享受着国家和党的优惠政策；环境优美，交通便利，致高进入1分钟，到珠海机场仅需10分钟，珠海货运港口20分钟，距离广州60分钟、深圳90分钟车程，通过港珠澳大桥，20分钟便可以到达香港机场；

独立的工业大院，4栋功能性生产厂房和办公大楼，建筑面积超过6000平方米，占地面积10000平方米，配套设施完善，有工人食堂、篮球场、宿舍、员工娱乐厅等；

公司引进世界最先进的生产设备，自动生产线超过80%以上，其中包括：三层供挤发泡机，三倍绞线机，三芯绞线机，伺服绞线机，四层包带机等，保证生产的效率和产品质量恒定；

200多人的生产团队，80%的员工服务公司超过10年，稳定的工作人员是保证生产的产能和品质的重要因素之一；

严格的管理体系，从开厂之初便获得了ISO9001 & ISO14001 质量体系认证，并一如既往的验证遵守体系的规定，明确的管理和执行标准，是公司顺利运行的最重要原因；

强大的研发工程团队，多位工程师都是在线缆行业工作超过20年的；

30多人组成的品质管控团队，工作经验丰富，拥有2套TDR网络分析仪，HDR信号发生仪等，严谨的工作态度，严格按照质量的国际标准进行把控，要求产品不良品流出率低于0.03%；

齐全的质量认证证书，UL, CE, Rosh, FC, HDMI, Premium, BSCI 等，满足美国 and 欧洲等大部分国家的认证需求；

专业的市场和销售团队能够多国语言进行流利顺畅的沟通，再加上服务优厚的客服团队，让我们能够满足世界各个国家的市场需求和服务需求。全年24小时无休的工作，让每个客户都能得到最快速和最满意的服务；产品线齐全，HDMI 高清信号传输线，USB手机充电、数据传输线，网线，喇叭线，音响信号传输线，USB 扩展坞转接器等，无论是从生活消费还是工艺生产需要，我们都有满足您每一个低压信号传输的需求。

长盛电线电缆近20年来，一直稳居第二线，做各大品牌的代工企业，今天，不仅仅是代工，而且有了自己的品牌，是您忠诚的朋友，更是您最好的合作伙伴。

Company Profile

Built in 2005, we are the first professional HDMI cable manufacturer in Zhuhai, with nearly 20 years R&D and production experiences.

Locates in a special Industrial zone in seaside city—Zhuhai, where is close Macao, 1 minute to the entrance of Highway, 10 minutes to airport and 20 minutes to Sea-Freightport, and 90 minutes to Guangzhou and Shenzhen, 20 minutes to HK airport;

4 Building for production and office, total more area: 8000 s.q.m;

80% are working by automatic production line, to guarantee stable quality for every product;

Strong management team and manufacturing team, total around employees 200 person, 80% employees working here more

Very strict management system bases on Certificates: ISO 9001 & ISO14001; clear management standards and implementation standards to guarantee running smoothly;

Strong engineering and design team, most of the people working on wire and cable area more than 20 years;

A powerful QC team with 30 person, working with 2 sets of TDR tester and other testing system; clear quality standard and strict quality control, to made bad products leak rate under 0.03%;

Full range of quality certificates, CE, UL, Rosh, FC, HDMI, Premium, and so on, to meeting the requirement of different countries;

Powerful Marketing and sales team and CS team with different kinds of language, can work with different countries smoothly, offering the best service to every customer, 24 hours * 7 working, to make sure prompt service you will have;

Full range of cables, HDMI cable, USB cable, Lan cable, Speaker cable, USB converter, Audio cable, blue tooth speaker, not only meeting your consumer demand, but also industrial.

CS cable is not only OEM and EMS company, but also branding today, is your best friend and business partner.

MORE THAN 300 PROFESSIONAL PRODUCTION TEAMS

300 余人专业生产团队

长盛电缆拥有一支高水准、高素质的生产团队，具备丰富的行业经验，其中生产管理人员和一线生产人员平均生产经验超过10年。长盛电缆倾力打造秉承“精益求精”理念的生产团队，构建数字化产品服务生态系统。

加工设备均采用国内较为知名设备，在保证高精度的前提下大大提高了机器运转的稳定性，即使出现了小的问题也能快速排除。

同时使用高级加工软件将多台智能机器串联在一起，减少了出错率，也减少了人员干预。

合理化的生产线安排，也使得木门在生产时节约时间，方便输送，加工速度得以提升。

Changsheng Cable has a high-level and high-quality production team with rich industry experience, including production management personnel and front-line production personnel with an average production experience of more than 10 years. Changsheng Cable strives to build a production team adhering to the concept of "excellence" and build a digital product service ecosystem.

Changsheng Cable is equipped with dozens of professional equipment, and the factory area realizes a highly mechanized, intelligent and coordinated operation of the production chain, which effectively improves the production capacity and quality and ensures production efficiency.

The processing equipment adopts well-known domestic equipment, which greatly improves the stability of the machine operation under the premise of ensuring high precision, and even if there is a small problem, it can be quickly eliminated.

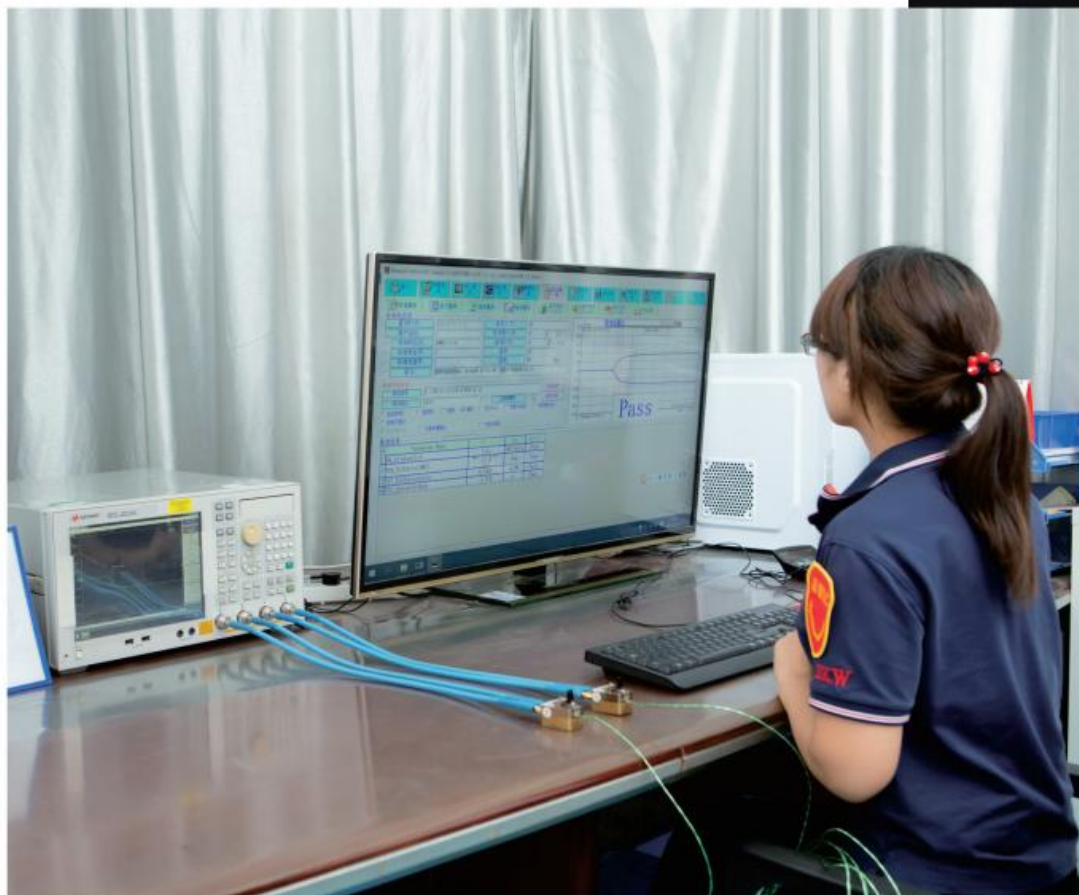

At the same time, the use of advanced machining software to chain together multiple intelligent machines reduces the error rate and reduces human intervention.

Rationalized production line arrangement also saves time during production of wooden doors, facilitates transportation, and improves processing speed.

QUALITY MANAGEMENT CENTER

质量管理中心

质量是一个企业的生命,是企业生存和发展的第一要素,质量水平的高低,反映了一个企业的综合实力,质量问题也是影响企业发展的重要因素。在激烈的市场竞争中,我们应充分认识质量管理和产品质量对长盛电缆发展的作用和影响,每一个产品在出货之前,长盛电缆质量管理团队以高标准严格把控每一个产品细节。

每一个成员都具有强烈的质量意识,我们都秉承着“质量在我手中,客户在我心中”的质量理念,通过不断的实践和积累,在生产加工中对提升产品质量有着很好的作用。

质量是一个准则,质量是一个忠诚,质量是一个责任,质量就是生命,它不光关系着企业的未来,更是企业在行业立足之根本。

Quality is the life of an enterprise and the first factor for the survival and development of an enterprise. The level of quality reflects the comprehensive strength of an enterprise. Quality issues are also an important factor affecting the development of an enterprise. In the fierce market competition, we should fully understand the role and impact of quality management and product quality on the development of Changsheng Cable. Before each product is shipped, the Changsheng Cable quality management team strictly controls every product detail with high standards.

Every member has a strong sense of quality. We all adhere to the quality concept of "quality in my hands, customers in my heart". Through continuous practice and accumulation, it has a good effect on improving product quality in production and processing.

Quality is a criterion, quality is a loyalty, quality is a responsibility, quality is life, it is not only related to the future of the enterprise, but also the foundation of the enterprise's foothold in the industry.

ENGINEERING R&D CENTER

工程研发中心

技术创新是企业的灵魂,是企业不断发展的原动力,我司经过多年的快速发展,公司十分重视人才,将技术研发部的组织机构逐步完善,形成了一支以高级工程师为核心,具备扎实的理论基础,又具有市场前瞻性的复合性研发技术团队,同时又拥有先进的研发设备和硬件设施,先后投资数百万打造出以智能测控仪表和精细分析评估的现代化实验室,具备雄厚的研发实力,真正做到“科技领航”,满足市场客户的需求。

研发团队一共15人,都是高频信号行业内至少10年以上研发经验的高级工程师,对高频信号理论有扎实的理论基础和深入的研究,经常参与行业产品的技术演进方向研讨交流,引领行业技术风向标。

研发团队通过内部培训,行业培训,以及参加HDMI、USB、VESA等协会举办的培训会议进行提升,每年培训不低于20次,做到与当前最前沿技术保持同步。同时长盛电缆研发团队严格按ISO管理体系要求和产品研发流程,从产品设计、立项、研发及过程管控,再到工艺、工装的优化、完善管理,步步到位,才能使产品在同行中出类拔萃。

Technological innovation is the soul of an enterprise and the driving force for its continuous development. After years of rapid development, our company attaches great importance to talents and gradually improves the organizational structure of the technology research and development department. A compound R&D technical team with a theoretical basis and a market-forward outlook, as well as advanced R&D equipment and hardware facilities, has invested millions to build a modern laboratory with intelligent measurement and control instruments and fine analysis and evaluation, with strong R&D capabilities. Strength, truly achieve "science and technology pilot" to meet the needs of market customers.

The R&D team consists of 15 people, all of whom are senior engineers with at least 10 years of R&D experience in the high-frequency signal industry. They have a solid theoretical foundation and in-depth research on high-frequency signal foundation and in-depth research on high-frequency signal theory. Industry technical weather vane.

The R&D team is improved through internal training, industry training, and participation in training conferences held by HDMI, USB, VESA and other associations. The annual training is no less than 20 times, so as to keep pace with the current cutting-edge technology. At the same time, the R&D team of Changsheng Cable strictly follows the requirements of the ISO management system and the product R&D process, from product design, project approval, R&D and process control, to the optimization of process and tooling, and perfect management.
