

A photograph of a modern, curved glass building at dusk. The building has a distinctive, wavy, and somewhat cylindrical shape with a complex, lattice-like metal structure over the glass. It is illuminated from within, and its reflection is clearly visible in the calm water in the foreground. The sky is a deep blue, and some trees and other buildings are visible in the background.

About Barco Enterprise

The background is a dark blue field filled with a dense, swirling cloud of small, glowing particles. The particles are primarily blue and cyan, with a significant portion being a vibrant pink or magenta. These particles are concentrated in a circular pattern, creating a sense of depth and movement, as if they are spiraling inward or outward from a central point. The overall effect is reminiscent of a nebula or a microscopic view of a complex system.

Our purpose:
Visioneering a bright tomorrow
我们的目标：视觉科技 点亮未来。

在巴可，我们坚信真正伟大的工程源于清晰的愿景，
一个能够让世界环境变得更美好、更智能、更健康的
愿景。

联合首席执行官An Steegen和Charles Beauduin

值得信赖的伙伴

科技点亮未来

我们为可视化协作领域设立行业标准。

- 1,700项独家专利
- 每年将11%的销售所得用于研发
- 多项技术开创行业先河
- 巴可实验室专注于创新探索
- 创新为本的企业文化

A photograph of three business professionals in a meeting. On the left, a man with dark curly hair and glasses, wearing a maroon blazer, is smiling and looking towards the right. In the center, a woman with long brown hair, wearing a pink top, is gesturing with her hands as if speaking. On the right, a man with grey hair and a beard, wearing a blue checkered shirt, is listening intently with his hand on his chin. They are all seated at a white table with laptops in front of them. A large window with white frames is visible in the background, letting in bright light.

快速协作的 连接方式

可立享将“无线分享，会议协作”的全新办公会议概念，介绍给全球的用户，依托巴可品牌领先的专业可视化技术，可立享产品家族包含“可立享演示”系列、“可立享会议”系列产品，提供了企业级的本地及远程会议体验，实现了传统会议模式颠覆性的创新，目前已部署全球120万间会议室。
